

Here is the early and more complete reporting on an Armed Assault in Texas...

...an early and local report about the two Muslim gunman (ages 31 & 34) attacking an art display in Texas - Yesterday.

Many Vile, Disgusting, Dishonest, and Disrespectful things are said or displayed about Jesus, the Bible, or Christianity, but you don't see the "Radical" Christians (or any other Christians) taking their guns to an event with the purpose of KILLING whomever is present. You don't see all Muslim's acting out like the two above, but there are enough RADICALS in their religion to pose a real and dangerous threat across the globe.

The **Radical Islamic** is a disease (a Cancerous Plight) upon the ENTIRE Earth. They have MURDERED thousands of non-combatants and preach that ALL non-Muslims should die. The **Radical Islamic** should be eradicated to full extinction with extreme prejudice or permanently quarantined for the remainder of time.

Terrorists are just like Termites – you solve the problem... or the house falls down. All Termites have one purpose and goal from birth to death... CONSUME the wood in your House. You protect and save your house by TOTALLY eliminating the Termite and his entire nest. The **Radical Islamic** breeds his evil intent into every member of his enclave from the first teachable moment to the last breathes of life. The **Radical Islamic** is hard wired to follow, obey, and commit the atrocities we see every week around the globe. The **Radical Islamic** was contained for a long time in a limited area, but our leaders have failed to maintain that containment and now we suffer world-wide infestation from this plague.

Until ALL **Radical Islamic** followers are extinct or permanently imprisoned in one country cut off from all outside world contact, we risk the same fate as Garland, Texas.

STAND UP and FIGHT BACK... or just bend over and take it.

Sincerely
