

April 4th, 2014

Tomorrow is the first Saturday of April and I am still searching for the Vandal that purposefully, wantonly, and knowingly damaged the Cowboy Range. Several of you have helped and I know much more than I did about the crime, but it's not yet solved. YOU need to get busy finding and providing the details to the perpetrator's identity. Since I don't have all the necessary information to fully identify the criminal, I will take the promised action to encourage your participation in that discovery.

Starting tomorrow the **MAIN RANGE will close for ONE DAY – SATURDAY April 5th**. It will reopen on Sunday April 6th. This same cycle will repeat each Saturday of April until YOU produce the necessary results. If YOU continue to fail me and I'm still searching in May this Main Range closure cycle will expand to all weekend – Saturday and Sunday. That SUCKS and it's all to blame on a criminal act performed by a foolish person who YOU know.

Tommy Turd the Trigger Tickler's attack has now **INJURED YOU**.

He shot up my private property, he broke my rules, he voided our contract (the Range Release), he Trespassed, Vandalized, and caused me great loss. All of that was done to me – ProTEQ, but now the injury is spilling over onto you. Your ability to enjoy the ProTEQ Range is being limited, your fun time is impacted, and your place to shoot is closed on the most popular weekend day you want it to be opened. Do you feel violated; do you sense that you have been touched inappropriately; do you realize you have been RAPED by Tommy Turd? You have absolutely NO REASON to protect him, keep his secret, or hide him from the light. He did not give any thought or care about you when he forced himself upon your Shooting Range, when he assaulted the C.A.R, when he violently probed the plates, or when he stole your future at ProTEQ. Tommy Turd is nothing more than a pile of it and you have NO REASON to tolerate his... shit.

TURN HIM IN!
